HOBBIES

Building computers, taking apart motorbikes, smashing badminton shuttles, cooking, excessive reading, and solving puzzles.

ROHEETH SANKARALINGAM

SENIOR SECURITY ENGINEER

PROFILE

Senior Security Engineer with 5 years of experience in application, mobile, and cloud security. I test web, mobile, and AI-enabled applications (including MCP integrations), run cloud security audits, perform threat modelling, and build DevSecOps pipelines that keep security inside delivery. Experienced in eCommerce platform assessments and moving into FinTech, where security gaps carry the highest cost. Targeting Product Security, DevSecOps, and FinTech security roles.

EMPLOYMENT HISTORY

Senior Security Analyst, Bahwan CyberTek (Contractor with the World Bank Group)

Sep 2024 — Present

- Conducted Azure cloud security audits covering configuration and access reviews, remediating 30+ misconfigurations.
- Implemented DevSecOps pipelines with GitHub and Azure DevOps, embedding security scanning into delivery and reducing manual security gates.
- Performed web application security testing across client applications, identifying 50+ vulnerabilities, 30% resolved before release.
- Performed mobile application security testing for Android and iOS.
- Performed AI and MCP security testing, assessing AI-enabled applications and MCP server integrations for prompt injection, tool misuse, and data exposure risks.
- Supported security assessments of applications within the World Bank Group's financial ecosystem.

Senior Security Analyst, Photon Interactive, Chennai

Sep 2021 — Sep 2024

- Conducted regular post-deployment VAPT, finding and clearing 150+ vulnerabilities.
- Worked on requirements for a PCI-DSS compliance audit.
- Integrated Veracode source code scanning into the Jenkins CI/CD pipeline for automated post-deployment scans, reducing release-blocking findings.
- Deployed Terraform scripts to automate GCP user onboarding and custom IAM role assignment for 100+ users.
- Performed API security testing for client applications using Vooki, Burp Suite Pro, and Postman.
- Performed Android and iOS pentesting for client applications.
- Performed CMS hardening for Sitecore-based ASP.NET applications, and built a Python script to automate the hardening audit.
- Received the Client Appreciation Award for 2023.

EDUCATION

B.Tech., Information Technology, Easwari Engineering College, Chennai
Sep 2017 — Apr 2021

HSC & SSLC, Modern Senior Secondary School, Chennai
Apr 2015 — Apr 2017
